

Milliken® Aquarius™ IN

Injectable/Sprayable Soil Wetting Agent

Active Ingredients:

75% Inerts

18% Alkoxylated Alkyl Ethers

7% Polycarboxylic Acids

NOT A PLANT FOOD INGREDIENT

Aquarius™ IN: Apply every 30 days, through irrigation or as a sprayable application, to promote water penetration into soils to eliminate standing water and saturated/soggy areas, and to address soil moisture problems on hillsides, mounds, and other difficult to access areas.

- Can be used all year long
- Use on golf greens, tees, fairways, lawns, and sports turf
- Easy to use and safe for turf when used according to label rates
- Promotes remediation of problematic soil moisture conditions.

Milliken®

Aquarius™ IN

Injectable or Sprayable Soil Wetting Agent

Directions for Use: (1) Irrigate sufficiently after application to remove product from leaf surfaces. (2) Do not tank mix with pesticides, fertilizers, plant growth regulators or other chemicals unless you know, for sure, that the tank mixture is physically compatible, will not harm your turf, and will not change the intended effectiveness of the spray solution. (3) Agitate spray tank solution thoroughly. (4) Wear appropriate personal protective equipment.

Storage and Disposal: Store in a closed container. Protect product from freezing. If product freezes, warm to room temperature and agitate before use. Store in original container only. Do not reuse empty container.

Small spills can be washed away with water. Large spills should be contained and salvaged. Disposal must comply with local, state and federal regulations.

Health Hazard and First Aid Information

Avoid contact with eyes and skin - may cause temporary irritation. In case of contact, flush eyes / skin with large amounts of water. If irritation persists, seek prompt medical attention. Do not ingest. In case of ingestion, drink two glasses of water and seek medical attention.

In Case of Emergency or Spill, contact CHEMTREC 1-800-424-9300

According to the Office of Pesticides and Toxic Substances of the U.S. Environmental Protection Agency, no clearance is required under 40 CFR 180.1001 for use on non-crop vegetation. Not approved for edible crop use.

CAUTION: KEEP OUT OF REACH OF CHILDREN
MAY BE HARMFUL IF SWALLOWED

Read entire label for additional precautionary statements
